

We know how you like to talk with your friends. Now you can get a neat string backpack for talking to your friends and family about opening up a Generations Credit Union account.

If you are successful in getting them to open up a new member account then BOTH of you will get a backpack!

When you bring in a new member, age 13-18, we will open up their savings account. You both will also have an option to open a special (BOOM) checking account. Our BOOM checking accounts were created specifically for your age group. A VISA Debit card is available with our BOOM checking accounts but only with parental authorization and a required online training course. We are offering these programs to assist you, our pre-college age members, in learning responsible financial management.

GCU now has **MOBILE BANKING** so you can keep track of your accounts day or night. With mobile banking you can transfer funds from your accounts, check balances and set up alerts to notify you if your account gets down to any level you set up. Download our app from your app store and call us at (360) 357-5660 or (800) 672-7211 to give us your mobile phone number so we can set you up today! Text only options are also available.

Get started texting and IMing your friends and family today and , if you continue to make regular deposits to your account, you will see how your money can grow!!!

P.S. Would you like to join our focus group? We will be meeting quarterly with members of your age group to hear what you think and what you would like from your credit union. Call Raeanna (360) 357-5660 ext. 1116 to sign up.
