

FOR SALE

This is a great travel trailer for families; can sleep six. Two queen sized bunks fold down from both ends, dinette folds into a twin sized bed, couch folds down into shorter sized twin.

We were drawn to this trailer due to its ultra lite weight, taller than average profile, spacious interior, and classic interior style. We purchased this trailer with all the options available and have since improved the trailer. The trailer has only been used about eight times and has been well taken care of and is super clean.

\$17,000 OBO
