Rates and Fees

INTEREST RATES AND INTEREST CHARGES	
Annual Percentage Rate (APR) for Purchases, Cash Advances & Balance Transfers	<p>9.90% - 18.00%</p> <p>When you open your account, the applicable APR is based on creditworthiness. After that, your APR will vary with the market based on the Prime Rate. If there is no Introductory rate, the periodic rate used to compute the FINANCE CHARGE for purchases, cash advances and balance transfers is based on an index (the "Index"), which is the Prime Rate as published in the Money Rates section of The Wall Street Journal on the last business day of the month and is subject to change monthly.</p>
How to Avoid Paying Interest on Purchases	Your due date is 25 days after the close of each billing cycle. We will not charge any interest on the portion of the purchases balance that you pay by the due date each month.
